A Health Savings Account (HSA) paired with our qualified high deductible health plan helps you and your family plan, save and pay for qualified health care expenses. An HSA empowers you to build savings for health care expenses in a tax advantaged account.

About Health Savings Accounts

A Health Savings Account (HSA) is a tax advantaged savings account that you own and control. HSAs are similar to retirement accounts in that they rollover year-to-year, they are portable when you move jobs or retire, the balance can be invested in mutual funds, and there are survivor benefits.

Who Is Eligible?

You must be enrolled in our qualified high deductible health plan and meet the following requirements:

- Have no other health insurance coverage except what's permitted by the IRS
- Not be enrolled in Medicare
- Not be claimed as a dependent on someone else's tax return

What Is A Qualified Health Care Expense?

You can use money in your HSA to pay for any qualified health care expenses for you, your spouse and your tax dependents, even if they are not covered on your plan. Examples of qualified health care expenses include:

- Your insurance plan deductibles
- Copayments and coinsurance
- Doctor's office visits
- Prescriptions
- Dental treatments & x-rays
- Eyeglasses & vision exams

How Much Can I Contribute To An HSA?

Each year the IRS establishes the maximum contribution limit. For 2020, you can contribute the following amounts:

- Single - \$3,550
- Two-Party or Family - \$7,100

These limits are for the total funds contributed. **This includes the match you receive from Provo City School District.** Please keep in mind you can change your HSA allocation at any time during the plan year by logging into your benefits portal. There is a \$2.00 monthly administration fee for HSA accounts.

Documentation is Key

An HSA can be used for a wide range of health care services within the limits established by law. Be sure you understand what expenses are HSA qualified, and be able to produce receipts for those items or services that you purchase with your HSA. You must keep records sufficient to show that:

- The distributions were exclusively used to pay or reimburse qualified medical expenses,
- The qualified expenses had not been previously paid or reimbursed from another source, and
- The qualified expense had not been taken as an itemized deduction in any year.

Do not send these records with your tax return. Keep them with your tax records.
